

Census Bureau ... Helping You Make Informed Decisions

# Free Census Workshop

Are you interested in learning more about census data? Did you know that we have information from Census 2000 available for neighborhoods and block groups? Information like race and ethnicity, ancestry, educational attainment, disability, income, poverty, housing values, rents, homeowner costs to name just a few! Learn how to access this information from the Internet on your own computer. Come see what other census products and resources are available... and learn about the American Community Survey.

Join us at the Dallas Regional Office on 8585 N. Stemmons Freeway every 2nd Wednesday of the month at 10:00 a.m. for a 2-hour informational session on Census Bureau products and services plus a live demonstration of the Census Bureau's Internet website and American FactFinder.

**SPACE IS LIMITED** — Register by emailing Paula Wright at [Paula.K.Wright@census.gov](mailto:Paula.K.Wright@census.gov)
